Is your Pet Food made with...

USDA food grade vegetables ? OR USDA inedible vegetables?

'Human grade' or 'edible' ingredients.

'Feed grade' or 'pet grade' or 'inedible' ingredients.

Both types of ingredients are allowed into pet food by FDA.

Do you know which quality of ingredients your pet food is made with?

USDA Inspected & Approved or Edible OR Feed Grade, Pet Grade, or Inedible

You probably don't - because...

There are no laws requiring pet food manufacturers to tell consumers the quality of ingredients.
